PROFILE SUMMARY

Enthusiastic **MERN Stack Developer** with 7+ months of hands-on experience in building **scalable, responsive, and user-focused web applications**. Skilled in React.js, Node.js, Express, and MongoDB with real-world project experience in ERP systems and fitness platforms.
Currently expanding expertise in **React Native** (mobile development) to strengthen cross-platform and backend capabilities. Passionate about clean code, modern UI/UX, and solving real-world problems through technology.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Node.js, HTML5, CSS3
Frameworks & Libraries: React.js, React Native , Express.js, Bootstrap
Database: MongoDB, SQL
Tools & Platforms: Git, GitHub, VS Code, Postman,
Other: RESTful APIs, JWT Auth, Responsive Design, Debugging & Optimization

---

EXPERIENCE

Mernstack Developer | *Visital Technologies Pvt. Ltd.*, Bhubaneswar, India
Feb 2025 – Apr 2025

- Developed and maintained **10+ responsive web pages** using React, HTML, CSS, and JavaScript, improving cross-device compatibility.

- Contributed to **2 large-scale web projects**, boosting user engagement by **30%** through intuitive UI/UX.

- Enhanced mobile responsiveness using **Bootstrap**, ensuring consistent layouts across **5+ screen sizes**.

- Resolved **95% of UI/UX bugs pre-launch**, improving release stability and client satisfaction.

PROJECTS

Bridgit – Fitness Training Platform (MERN Stack)
Developed a full-featured fitness management system with trainer-client booking, packages, testimonials, and KYC verification.

- Implemented secure role-based authentication (JWT).

- Designed interactive dashboards for trainers and clients.

- Integrated MongoDB and Express.js for scalable backend performance.

ERP System – Enterprise Management Platform (MERN + SQL)

A comprehensive ERP solution designed to streamline plant operations, employee management, and financial reporting for businesses.

- Built modular architecture (hrm/, accounting/, report/, users/) to manage employees, payroll, income, and expenses efficiently.

- Implemented REST APIs and integrated Redux Toolkit for smooth frontend state management.

- Added role-based access control and protected routing for secure multi-role workflows (Admin, HR, Accountant).

- Designed interactive dashboards and financial reports to track organizational performance in real time.

CodeX – IT Learning Platform
A single-page React app showcasing courses, integrated with responsive design and modern UI.

Mini Projects (JavaScript)

- **Rock Paper Scissors**, **Tic Tac Toe**, **Calculator**, **Currency Converter**, **QR Generator**
Showcasing proficiency in logic building, DOM manipulation, and clean UI design.

EDUCATION

Master of Computer Applications (MCA)   *2023 – 2025*
Trident Academy of Technology, Bhubaneswar

CERTIFICATIONS

- Cloud Computing and Distributed Systems (NPTEL) Successfully completed 8-week online certified training course from Indian Institute of Technology Kanpur (IIT Kanpur) through NPTEL.
- Oracle Cloud Infrastructure 2024 Foundations Associate (1Z0-1085-24) Successfully Passed this Cloud Certification.
- Industry 4.0 and Industrial Internet of Things (NPTEL) Successfully completed 8-week online certified training course from IIT Kharagpur through NPTEL.
